Individuals originally holding ROC nationality and who have since renounced it shall not in accordance with these Regulations apply for admission to senior high schools and above if less than eight years have elapsed since the ROC Ministry of the Interior revoked the applicant's ROC nationality. The calculation of the 8 years as specified in the first proviso is calculated from the intended commencement date of the semester of admission (1st of August 2024). If applications for admission are made using both overseas Chinese students and foreign identities, the admission permits will be canceled or the individual will be expelled upon verification.

Note 1: In accordance with the provision of Article 2 of the Nationality Act, an individual who holds ROC nationality under any of the conditions provided by the following sub-paragraphs:

- (1) His/Her father or mother is a citizen of the Republic of China when he/she was born.

The provisions in the preceding subparagraphs 1 and 2 shall also apply to individuals who were minors at the time of the revision and promulgation of this Act.

Note 2: According to Paragraph 2 of Article 2 of the "MOE Regulations Regarding International Students Undertaking Studies in Taiwan": individuals with foreign nationality, complying with the following provisions, and having continuous overseas residence for more than six years at the time of application, may also apply for admission pursuant to these provisions.

- (1) Individuals who have ROC nationality and have never had household registration in Taiwan at the time of application.
 - (2) Individuals who have ROC nationality prior to the application, who do not have ROC nationality at the time of application, and eight years has elapsed since the ROC Ministry of the Interior revoked the ROC nationality from the date of application (calculated to the 1st of August 2024).

Paragraph 2 of Article 2 of the "MOE Regulations Regarding International Students Undertaking Studies in Taiwan" (that is, those who also have ROC nationality), and have resided overseas continuously for more than six years at the time of application, are eligible to apply. (For individuals who only have permanent residence status in Hong Kong or Macau, please contact the University Entrance Committee for Overseas Chinese Students directly for application details.)
4. Individuals from mainland China region, who have foreign nationality, no previous household registration in Taiwan, and have resided continuously overseas for more than six years at the time of application, may apply for admission in accordance with the provisions of this brochure. **(For individuals who only have Mainland China nationality, please contact the University Entrance Committee for Mainland Chinese Students directly for application details.)**
5. The continuous residence referred to in the preceding paragraph refers to a total of not more than 120 days per calendar year during the stay in Taiwan. But individuals who comply with any one of the situations listed in Subparagraph 5 of Article 2 of the "MOE Regulations Regarding International Students Undertaking Studies in Taiwan" and who have relevant documentary proof are not subject to this restriction: the period of stay in Taiwan is not incorporated into the period of calculation of overseas continuous residence.
6. Foreign students should be graduates of high schools, universities or independent colleges and holding diplomas recognized by the Ministry of Education (please refer to the web page of the Bureau of International Cultural and Educational Relations of the Ministry of Education <http://depart.moe.edu.tw/ed2500/>). 7. **An international student applying to study at an educational institution in Taiwan is limited to only applying once [English note: a person may apply to more than one educational institution, but if one of these applications is successful and they then study in Taiwan, they cannot subsequently apply to study at another educational institution for a course at that level]. After completing the course of study at the educational institution to which they applied, unless the student is applying for admission to a program for a master's degree or a higher degree, which may be handled by each university in accordance with its regulations, if the students want to continue studying in Taiwan, their application shall be handled in the same manner as the**

9. The application documents, expiration date and other related matters for transfer students are processed in the same method as those for admission applications for new students. Only students who study in colleges and universities in Taiwan may submit a transfer application, and they should apply for credit transfer after registration. The department will determine year of study. Transfer students should submit proof of enrolment issued by the institute, and apply for withdrawal after getting admitted by NKUHT. Transfer students should turn in proof of withdrawal to International Affairs Office in the process of registration.

The applicant should not have any objection to this.
11. Applicants can consult the MOE website (<https://law.moj.gov.tw/ENG/LawClass/LawAll.aspx?pcode=H0110001>).

Two. Application Method

1. Step one: There are two application periods, either one of which can be chosen. The first application period: 30th of October 2023 to the 12th of December 2023. The second application period: 29th of January 2024 to the 26th of March 2024. The applicant should submit the required documents by uploading the system before the deadline. Late registrations or applications with incomplete accompanying documents will not be accepted, and deferred submissions are also not allowed.
2. Step two: Apply online, please scan all relevant application forms, and create one file for each document (academic certificates, transcripts of academic records, financial proof and financial guarantee statement, passport or other proof of nationality, language proficiency certificate, ID photo and other documents requested). All files should be uploaded as PDF or JPG files. If there are multiple electronic files for a single item (such as transcript of academic records), please merge them into one file before uploading them. If the file is not clear, it will be deemed incomplete and will not be accepted. Hard copies are not required to be mailed. Each applicant may apply to three departments at most. If the applicant applies to more than one department

at the same time, he or she will need to submit a separate study plan for each department.

3. Step three: Within one week after submitting the application documents, please check the system to see if your submission status is received. If not, it shall be deemed that the application has not been completed yet.

Note: If you are accepted for admission, you shall have to submit your diploma and transcripts of academic records or their translation versions to a nearby embassy, consulate, or representative office of the Republic of China for verification and submit the authenticated diploma and official transcripts of academic records to us within the specified period after start of the school year; otherwise, your admissions offer will be revoked.
